NOVEMBER 2015

President's Message

By Fred Francis

Thanksgiving Day is almost here and it's the time of the year that is a period of thankfulness and good health. Just the fact that Hollybrook is a family of relatives and extended family and friends, helps us all get through the rigors of life, both positive and negative. So with that said, we should express gratitude and thanks to our friends and family members. We should acknowledge these gifts of caring for each other and we hope and pray for the well being of our family, friends and neighbors.

I have mentioned on numerous occasions the importance of the Hollybrook Volunteers that enable us to be looked upon as the finest private condominium community in South Florida. This is not me blowing our own horn; this comes from professional people throughout the condominium industry. I am very proud of that fact, and will continue to strive to keep this mantle of achievement and success.

November is the month that we remember our Veterans who have served in the military to afford us our freedom. With that said, I am privileged to make everyone aware of the recognition these veterans among us received with their Honor Flight to Washington D.C. on October 17th. These being, Saul Shechter, Carl Shechter, Reggie Barber, Danny Riccio, and Bob Berkowitz.

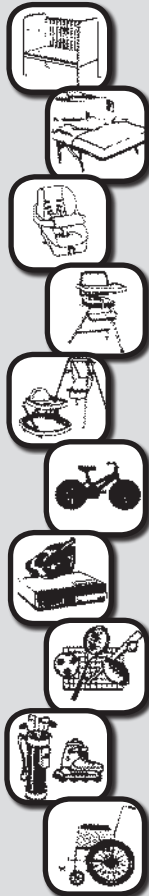

This summer has been one of many accomplishments here in Hollybrook. In my opinion, the biggest accomplishment will be the renovation of the pool areas, specifically the grills and the countertops. I will direct your attention to Mr. Paul Ray's explanation of the summer maintenance projects.

Hollybrooks Restaurateur and his staff are continuing their positive approach in their efforts to bond with our unit owners. I can see vast improvements and we look forward to the many events that they have set forth for the winter season. We are ready with a full schedule of events

I was looking in the mirror the other morning, seeing an aging woman with the experiences of life showing on her face. I

wonder what someone who feels they are capable of running this country as President, sees. What great ego must lie there! Especially for those who have never been in politics before. Do they think a 'gift of gab,' will buy them votes? Or being a clown and letting garbage fall out of their mouths? I certainly hope the American people

THINK BEFORE THEY VOTE!

One of our newer Unit Owners commented on the way Hollybrook's people prepared for the hurricane that thank God, never came. She said she felt secure. That's a good thing people! Those who were here to 'welcome Wilma' in 2005 can attest to the fantastic camaraderie and spirit of our people under the supervision of Ron Pacella, then President, and Rosalie Labate, Vice President. The entire administration, 'cast, paid & unpaid, crew' assisted in some way.

Every morning there was a meeting and jobs were assigned. Some were running ice & water; clearing the trees off the golf courses; checking on the damage and the people, elderly and stuck on the third floor; and later ...food was delivered by Pembroke Pines.

Of course there was water and wind damage, and we had 4 days without electricity. But we met our neighbors and shared our defrosted foods, cooking at the pools. It was

an experience, that could have been a disaster, but, no one was injured! Let's hope it never happens again! But if it does, we'll be prepared. Oddly enough, our land phones worked!

I'm sure our Commissioner, Carl Shechter will have plenty to say about the SOUTH FLORIDA HONOR FLIGHT he and his son Jay are going on with his brother, Saul Shechter, Danny Riccio, Reggie Barber & Bob Berkowitz and other WWII veterans.

Simply put, it honors the men and women who died and the Memorial tribute built to remember them. Have a great time, Fellas, we look forward to hearing about the trip.

Bingo DID start in October. See article inside.

Having read the newspaper, a question comes to my mind: What frightens you more, knowing that

From the Desk of the Vice President

By Carl Mack

I see we are starting to get our northern residents back for the winter. That is always a great look for Hollybrook be-

cause we see what a really active community we have.

So, a very big welcome back to our winter residents. Looking forward to seeing you in my travels throughout Holly-

brook.

I would like to apologize on the delay for getting flowers in the planter boxes in Phase II; there was a delay on the part of the nursery.

The barbeques by the pools are also a little behind, but the contractor is picking up the pace and they should all be finished by the beginning of November.

Why Does it Take So Long?

by Paul Ray, CEO

A perfectly valid question and one that has been asked an awful lot at Hollybrook this summer (including by myself...repeatedly). Responding to that question takes a good deal of analysis as well as relying on observations from a wide array of different players in various capacities both on our staff as well as contractor and governmental representatives. As any of you who braved the South Florida summer with us witnessed first hand, all of the projects around the community took a long time to get started and even once they commenced seemed to take longer than usual to get completed (several are still not complete as I draft this article). Whether you are tracking the progress at the pool kitchens, the clubhouse elevator repair, the buildings being re-roofed, or the installation of the new in-ground gas tanks at the pools, it is immediately obvious that contractor work is taking longer than ever before.

There are several contributing factors to this lengthening of the project completion timeline across multiple industries. Among those which I will discuss briefly are personnel turnover, regulatory changes, and historical "shortcuts." Each of these dynamics shows itself at various stages of the planning and execution of a particular project. While some aspects of these various causal factors are within our control, several of the most significant are most certainly not controlled by anyone here at Hollybrook or anyone at the vari-

ous contractors that we have chosen for our projects.

I will start with the causes which Hollybrook has brought upon itself, whether consciously or unconsciously, some of which are deep rooted historic patterns which we are working hard to reverse. Many are aware that Hollybrook has reorganized the staff within the past year and we now have new individuals in significant positions that have vital roles in the contract awarding and coordination processes. Mitch Davis is our new Facilities Director and he has done a tremendous job of getting up to speed on a diverse range of issues affecting Hollybrook. In doing so he has uncovered patterns of past behavior relative to contractor work which do not put us in the best position relative to approval for current projects. He has already helped us remedy several situations arising from work that was performed in the past that required building permits but which was performed without such permits being obtained. As some are aware, it is significantly harder (as well as more expensive) to obtain permits after the fact, yet we have had to do so in order to be in a position to properly obtain current permits. Absence of historic documentation has also contributed to delays with some of our major projects. As an example, because Hollybrook did not have any surveys showing where the existing in-ground propane tanks were located, we lost two months ob-

taining such documentation so that the contractor could apply for permits to replace the tanks on our behalf. We are committed to ensuring proper documentation of all current work as well as permits for any work that requires city approval.

Turning to outside of Hollybrook, delays resulting from changes at the various authorities overseeing construction work are especially pronounced these days. We hear repeatedly from the multitude of contractors that we deal with that Pembroke Pines is one of the most difficult municipalities to get work approved in. Our recent experience certainly bears that out as the permit applications submitted by our contractors are being returned for additional documentation that was never before required. In the case of both the clubhouse elevator and the re-roof of building 50, code changes within the last year have added significant additional components requiring independent pricing and approval subsequent to the original scope of work being approved. What that means for the elevator at the clubhouse is that the elevator has been repaired for some time, but we can not place it back in service until we install a stand alone air conditioning system for the machinery room by the drive through which has never before been required by elevator code. That requirement forces us to work with a

TREASURER'S REPORT- NOVEMBER 2015

by Rosalie Labate

Welcome home to all of our winter residents. We hope you brought some of your cool-even cold-northern air down to us to enjoy after our long, hot summer.

November will be a busy time for all of us, especially so this year as we will be putting together our budget for the new fiscal year at this time. Here is the schedule for the budget committee meetings and the Board of Director budget workshops.

The Budget Committee will meet on November 19, 20, and, if necessary, 23rd, 2015 to prepare the proposed budget for the new fiscal year starting April 1, 2016.

Once the proposed budget is established, the Board of Directors will conduct its workshops on December 16, 17, 18, 2015. The new fiscal year budget process is going to reflect changes in our reserve structure as we have discussed in prior columns. The development of this new structure of reserves will help to insure the continued enhancement of our beautiful Hollybrook community.

The recommended Board approved budget will be forwarded to unit owners around the first week of January 2016 and the schedule for unit owner meet-

ings will follow. Check your bulletin boards and emails for the exact times dates.

Let us all enjoy the coming

winter season and keep our community moving in a positive, forward direction for the future years to come.

The propane tanks for the barbeques are also being installed and should be finished before this article comes out.

Our restaurant is shaping up nicely, and there is a large variety to choose from with the dinners on the menu. Also starting Saturday, October 17, the restaurant will be open for dinner. So now we have Wednesday, Friday, and Saturdays for dinner. Hopefully if that third evening is successful, we will open for a fourth night. The restaurant is always open when we have a show in the playhouse.

We are having a show in the playhouse, November 21, by our Restaurateur, which will be called "Murdered by Merlot", starting at 6:00 pm. Sounds like fun.

We also have our movies every other week which are current and of course bingo every Thursday in the playhouse where the big money is won by our residents.

Welcome back again everybody. As you know, my office door is always open to all.

Enjoy our Paradise!

Sincerely, Carl

Animal Regulations

by Nancy Klein

A new name of Animal Regulations and a new volunteer, Nancy Kline. I'm in the office Tuesdays and Thursdays from 9:00 to 11:30 AM. My combined experience of over 20 years as a professional dog handler, breeder, trainer and U.K.C. judge, as well as my tenure as past President and Fund Raising Chairman of Doberman Rescue League of Broward County and a P.A.L. volunteer at the Humane Society of Bro-

ward County, lend me a unique perspective for the duties of this position. I look forward to speaking with every pet owner in Hollybrook.

I want all our dog owners to know about the mushrooms you may see in the lawn after a heavy rain. They're called Autumn Galerina. I bring this to your attention because Dwayne "The Rock" Johnson's dog, Brutus', died from eating wild mushrooms. Mushroom toxic-

ity can vary depending on habitat and/or what other plants or trees are growing nearby and many mushrooms can contain more than one poisonous substance. Eating them causes gastrointestinal irritation and eventual liver damage. Symptoms include vomiting, diarrhea, abdominal pain, weakness, lethargy, yellowing of skin (jaundice), uncoordinated movements, excessive drooling (ptyalism), seizures and coma. Toxicity can also depend on underlying health conditions in victims or on other substances they may ingest.

To be safe, it's best to keep your pet away from all wild mushrooms. If you think your dog has ingested a wild mushroom, get it to the vet **IMMEDIATELY**. If possible, take the mushroom with you to show the vet. Forewarned is forearmed.

MEDICAL TRANSCRIPTION ERRORS

To paraphrase Mark Twain: Be careful of medical transcripts; you may die of a misprint.

- Social history reveals this one-year-old patient does not smoke or drink and is presently unemployed.
- On the second day, the knee was better, and on the third day, it disappeared.
- Discharge status: alive but without permission.
- Exam of genitalia reveals that he is circus sized.
- Occasional, constant infrequent headaches.
- Bleeding started in the rectal area and continued all the way to Los Angeles.
- She is numb from her toes down.

Men's Golf Association

By Mike Levine

It is almost impossible to remember how tragic the world is when one is playing golf. (Robert Lynd)

The course is in great shape, but here and there we have some wet spots. Some of the holes on the PGA have some small problems that are being

addressed by Joe Cone and his merry men. We are waiting with bated breath for our northern golfers to arrive and we start to receive their assessment of the course and its play ability.

Colorful plants have been ordered to be put around the clubhouse area.

The wall on our signature hole (hole #15 PGA) has been pressure cleaned and the area has been cleaned up. The coconut trees have been trimmed around the course as time will allow.

GREEN'S REPORT: Aerified and topdressed green's on Both courses.

Edged all bunkers on both golf courses.

Added G-angle sand to all

bunkers for the 2016 Season.

Added yellow and white Coquina Sand in designated areas on both golf courses.

Continued spot spraying weeds.

Golf course staff continuing to trim palm fronds as time permits.

Painted all tee and fairway markers on both golf courses (36 Holes).

Designed and installed New Tifeagle Nursery Green at #11 hole on PGA course near lake. Planted coconut palm trees that were grown by golf staff at #7 hole on PGA course.

All this work to keep our diamond shining out there.

Tennis Column

By Fran Mason

It's November & our "Snow-birds" are flying back for the winter season!!! Now the fun begins!!!

By next month we will start printing all the latest Hollybrook Tennis news. As soon as plans are made we will make sure you are the 1st to hear about it.

As for tennis news, everything is going on in the Far East right now, but we still have a few tidbits for you:

Serena Williams is withdrawing from the rest of the season

& missing the WTA finals at Singapore. Serena will not lose her #1 ranking, but she will lose \$3 million in WTA fines & loss of earnings & bonuses from the rest of the tournaments, promotional events & merchandising contracts. Nevertheless, she wants to take time off to heal after playing through injuries all year.

Kei Nishikori keeps alive his chances of winning a 3rd Tokyo title by beating Marin Cilic. He will now challenge Benoit Paire for a place in Sunday's final.

Flawless Agnieszka Radwanska blazed past Angelique Kerber to reach the China Open Semis. 2 more wins & she's off to the BNP Paribas WTA finals Singapore presented by SC Global.

3rd seed Rafael Nadal is on his way to the China Open Semifinals. Thank goodness, maybe his "drought" is over!!!

Novak Djokovic extended his winning streak to 27 matches at the China Open & tied Jimmy Connors unbeaten record as he pushed past John Isner to secure his place in the semifinals.

COOKING

Just like the Pilgrims and Native Americans did so many years ago, It's our turn to give thanks. We can't wait to enjoy the classic favorites of turkey and dressing on Thanksgiving, but why not sample a few new things this year? And whatever we do, let's not forget to appreciate all the good things we have!

CHERRY-BRANDY BAKED BRIE

1 round (8 ounces) Brie cheese
1/2 cup dried cherries
1/2 cup chopped walnuts
1/4 cup packed brown sugar
1/4 cup brandy or unsweetened apple Juice
French bread baguette, sliced and toasted or assorted crackers
Place cheese In a 9-in. pie plate. Combine the cherries, walnuts, brown sugar and brandy; spoon over cheese. Bake at 350 degrees for 15-20 minutes or until cheese Is softened. Serve with baguette. Yield: 8 servings.

TANGERINE-GLAZED TURKEY

1 turkey (14 to 16 pounds)
1/2 cup butter, softened
1/2 cup butter, cubed
1 cup canola oil
2 cups tangerine juice

GRAVY:

2 to 3 cups chicken broth
5 tablespoons all-purpose flour
Remove giblets from turkey; cover and refrigerate for gravy. Pat turkey dry; place breast side up on a rack In a roasting pan. Rub softened butter over turkey. In a large saucepan, melt cubed butter; stir in oil. Saturate a four-layered 17-in. square of cheesecloth In butter mixture; drape over turkey. Add tangerine juice to remaining butter mixture. Bake turkey, uncovered, at 325 degrees for 3 hours; baste with tangerine juice mixture every 30 minutes, keeping cheesecloth moist at all time.

Remove and discard cheesecloth. Bake the turkey 45 minutes to 1:1/4 hours longer or until a thermometer reads

180 degrees, basting occasionally with pan drippings. Cover loosely with foil if turkey browns too quickly. Remove turkey to a serving platter; cover and let stand for 20 minutes before carving. Pour the drippings and loosened brown bits Into a measuring cup. Skim fat, reserving 1/3 cup. Add enough broth to the remaining drippings to measure 4 cups. For gravy, chop reserved giblets. In a large saucepan, saute giblets in reserved fat until browned.

Stir in flour until blended; gradually stir In broth mixture. Bring to a boil; cook and stir for 2 minutes or until thickened. Serve with turkey. Yield: 14 servings (4 Cups Gravy).

BUTTERY ALMOND GREEN BEANS

2 pounds fresh green beans, trimmed
2 cups water
1 envelope onion soup mix
2/3 cup slivered almonds, toasted

My Bridge and Yours

BY FRANK STEWART ✉ frs1016@centurylink.net

In these articles, we bid and play a deal, and you hear my thoughts. You won't agree with all of my actions because bridge is a game of style and judgment. My off-the-cuff analysis may be imperfect. That, too, is part of the game. Still, I hope you'll find it helpful to follow my thinking during a deal.

In a regional knockout teams, both sides are vulnerable, and as South I hold a promising hand:

♠AKJ82 ♥AJ3 ♦K83 ♣A2.

I'm in third seat and hear two passes. I could describe my strength and pattern with a 2NT opening, but I am never eager to crowd my own auction, and 2NT is a space-consuming action. Because I am also reluctant to suppress a good five-card major, I open 1♠. If my partner would have responded to 2NT, maybe he will respond to 1♠.

West, at my left, jumps to 3♣, preemptive, and my partner cuebids 4♣. He should have spade support, a maximum pass and a control in clubs. In that case, I can't see bidding less than 6♠, and even a grand slam is possible. Partner might hold:

♠Q1074 ♥872 ♦AQJ65 ♣6.

I start the search with a 4♥ control bid, and partner makes a 5♦ control bid in reply. He must like his hand - I wouldn't expect him to go past game for a control bid unless he had real slam aspirations - so I continue with 6♣, and partner bids 6♥. I can't count 13 tricks - we may have a diamond

loser - so I sign off at 6♠, and everyone passes.

West leads the ♣K.

♠ Q 10 9 7 6
♥ K 4 2
♦ A J 9 2
♣ 5

♠ A K J 8 2
♥ A J 3
♦ K 8 3
♣ A 2

We had a reasonable auction and stayed out of an iffy grand slam. Indeed, I haven't made 6♠ yet. I take the ♣A, ruff my other club in dummy and draw trumps with the ace and queen, finding West with a singleton. Now it looks to be a matter of trying red-suit finesses and hoping something good happens. To attack diamonds first is correct because the suit may produce three tricks even if a finesse with the jack loses. I could play as safely as possible for three diamond tricks: ♦A, ♦K, then a third diamond toward the jack. But I doubt that West would hold four diamonds after his vulnerable club preempt.

Is there anything better?

My mind's eye is drawn to those diamond spots. Partner's ♦9 - an unbid-dable value - would make 7♠ a little better contract, but at 6♠ it gives me a sure thing. I lead the ♦J from dummy, intending to pass it if East plays low. If West has the queen, I won't mind. He will have to lead a club, conceding a fatal ruff-sluff, or lead a red suit, giving

me a free finesse.

As it happens, East covers the ♦J. I take the king and play the ♦A and a third diamond, making dummy's 9 high for the 12th trick. A different line of play might have failed because the full deal is this:

		♠ Q 10 9 7 6		
		♥ K 4 2		
		♦ A J 9 2		
		♣ 5		
♠ 4				♠ 5 3
♥ Q 7 6				♥ 10 9 8 5
♦ 6 4				♦ Q 10 7 5
♣ K Q J 8 7 4 3				♣ 10 9 6
		♠ A K J 8 2		
		♥ A J 3		
		♦ K 8 3		
		♣ A 2		

At the other table, South opened 2NT, and West passed. When North transferred to spades with a 3♥ response, South jumped to 4♠, perhaps unwisely. That lit a fire under North, who not unreasonably unleashed a key-card ask. When he found South with the four missing key cards, he roared into 7♠.

That would have been a winning contract if South had held something more in line with his super-acceptance of the transfer, such as:

♠AK852 ♥AQ3 ♦K8 ♣AJ2.

As it was, declarer needed a winning diamond finesse plus a little more, and when East turned up with the ♦Q1075, the result was down two. ■

▶ COOKING

CONTINUED from page 18

2 tablespoons grated Parmesan cheese

1 teaspoon paprika

6 tablespoons butter, melted

In a large saucepan, combine the beans, water and soup mix. Bring to a boil. Reduce heat; cover and simmer for 15-20 minutes or until beans are crisp-tender. In a small bowl, combine the almonds, cheese and paprika. Drain beans; drizzle with butter and sprinkle with almond mixture. Toss to coat. Yield: 8 servings.

HO HO HO CAKE

1 package (13 ounces) Swiss cake rolls

2-3/4 cold milk

2 packages (3.9 ounces each) instant chocolate fudge pudding mix

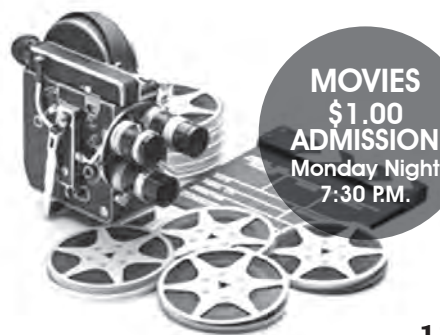

2 cups whipped topping

Fresh raspberries, optional

Cut each cake roll into eight slices; set aside any chocolate coating that separates from rolls for garnish. Line a 9-in. springform pan with cake slices, completely covering bottom and sides. In a small bowl, whisk milk and pudding mixes for 2 minutes. Let stand for 2 minutes or until soft-set. Pour over cake. Spread with whipped

topping. Sprinkle with any reserved chocolate coating and garnish with raspberries if desired. Cover and refrigerate for at least 2 hours before serving. Yield: 12 servings.

Italian Culture Club

By Betty Kirchner

Our season is underway! On October 27th, we had our first meeting complete with entertainment by strolling musician, Larry. Scrumptious desserts from the restaurant and coffee were served. What better reason to join - good friends, good entertainment and good desserts!!

At our next meeting, we will be paying tribute to the World II veterans as both Veterans Day, November 11th and the 74th anniversary of Pearl Harbor, December 7, 1941 are coming up soon. The Italian Culture Club has always honored our veterans for their contributions that have allowed us to live in freedom. The theme will be patriotic. At this writing, we are working on special entertainment for the evening. Watch the posters, bulletin boards, and TV for information as our plans are solidified.

Set aside December 15th for our annual Christmas Party in the Social Hall from 6:00 pm to 9:00 pm. There will be food, beer, wine, coffee and tea. Santa will make his appearance and back by popular demand, the Chinese Gift Exchange. This gift exchange (no more than \$10) starts by taking a number and when your number is called, you can ei-

ther choose a new gift or steal one from someone who already opened a gift. It is a very popular Christmas party game and is very entertaining. Participation however is optional.

Veterans' Day in our country varies from other countries in that we honor all Veterans, while some other countries in November honor only those killed in action. On November 4th, the Italians celebrate the Italian fallen of all wars. Homage is paid to the Unknown Soldier in Rome. Celebrations are also held in Trento, Trieste and Vittorio Veneto where Royal Italian armies and Austro-Hungarian armies fought. However, some feel that this holiday more closely resembles our Memorial Day than Veteran's Day.

Come join the fun!! You do not need to be of Italian heritage

to join. The club is a mixture of all heritages. Join with your friends - it's a great evening out. If you have not already joined, please bring your \$18 dues to the next meeting or leave in the Italian Club box located in the Pro Shop.

Hope to see you all there! You'll be glad you came!!

Ciao!

HURRICANE PREPARATION

HURRICANE PREPARATIONS FOR HOLLYBROOK RESIDENTS

SEASON JUNE 1 TO NOV. 30TH

Pay attention to local official announcements on radio and television from the National Hurricane Center and local officials.

HURRICANE WATCH—is issued for a coastal area when there is a threat of hurricane conditions, generally within 36 hours.

HURRICANE WARNING—is issued when hurricane conditions are expected in a specified coastal area in 24 hours or less. Hurricane conditions include sustained winds of 74 miles per hour (64 knots) and/or dangerously high tides and waves. Actions to protect life and property should be rushed to completion after the warning is issued.

PREPARATIONS BEFORE THE STORM:

1. Prepare two (2) week supply of non-perishable food. Select foods that require no refrigeration or preparation.

(a) Canned meats, fruits, fish, vegetables, powdered milk or juices, canned or powdered.

(b) Smoked or dried meats, dried "soups in cup."

(c) High energy foods—peanut butter, jelly, crackers, nuts, health food bars, trail mix.

(d) Stress foods—sugar cookies, hard candy, sweetened cereals.

(e) Vitamins, plastic containers of water, prescription medications.

2. First-aid kit, paper cups and plastic utensils, non-electric can opener and utility knife, hurricane lantern and fluid, battery powered radio and flash lights with plenty of extra batteries, toilet tissue, paper towels, plastic garbage bags. Sterilize bath tub with bleach and rinse. Fill bath tub with water for back-up and flushing commode. Boil tap water before drinking unless advised otherwise by officials, store heavy plastic to cover possible broken windows,

move unanchored objects from patio inside of apartment, secure hurricane shutters. Learn in advance to shut off main valve for water and electric service in breaker panel if necessary. Take ill persons to a place where they can receive medical care. Place rolled up newspapers on interior window sills and doors to absorb possible storm water. Make arrangements to move your pets to a safe area. Do not use elevator. Turn your refrigerator and freezer to cooler settings in case power fails. Do not stock freezer with a volume of perishable goods. Stay away from windows. Be alert for tornadoes that sometimes accompany hurricanes. Remain indoors until official "All Clear" is given from the National Hurricane Center and local officials.

"COUNTY WARNING"

The county will use the emergency broadcasting system to issue instructions over the local T.V. and radio stations. Listen for specific Broward County information.

You will have a better chance of survival, if you adhere to the foregoing preparations and warnings.

TORNADO SAFETY RULES WHEN A TORNADO APPROACHES, YOUR IMMEDIATE AREA

In cities or town:

Seek inside shelter, preferably in a steel-framed or reinforced concrete building of substantial construction.

Do not remain in a trailer or mobile home if a tornado is approaching; take cover elsewhere.

In open country:

If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

If refuges are required, same procedure will be implemented as for hurricane.

Stay away from windows.

In office buildings:

Stand in an interior hallway or on a lower floor, preferably in a basement.

In homes:

In a house or apartment with no basement, take cover under heavy furniture in the center part of the house or apartment.

As a last resort, go outside to a nearby ditch, evacuation or culvert.

TEMPORARY USE OF PLAYHOUSE AFTER A STORM AND LOSS OF ELECTRICITY

In the event that some of the buildings lose their electricity due to a storm, the building occupants can utilize the accommodations of the Playhouse providing the Playhouse has electricity and conditions permit.

In no way should anyone consider the Playhouse as a hurricane shelter!

Note: Make arrangements for your pets, as shelters will not permit any type of pets or any firearms

## PHASE I

*Taylor Delit.01/201*

Ah, November! The month of holiday preparations and Thanksgiving. Our Canadian neighbors celebrated theirs last month. The “founding” actually occurred 10 years earlier. As each year’s planning of the Thanksgiving table, I’m reminded of childhood family gatherings, ours was an enormous undertaking of no less than 30 people. The much coveted appetizer (or as we called it-the first course) was LASAGNA, followed by five more. Who could move from that table?

Soon Hollybrook will be abuzz as we welcome back our northern friends who return to Par-

adise. The charming sight of couples hand in hand, as they take their am & pm constitutions warms our hearts, while bikers whirling here and there cause some of us a touch of envy.

Kathy and Jerry McHugh have returned from their grand tour of Italy. (I begged to crawl into one of their suitcases, it didn’t happen.) They shared the auto ride from their northern home with three adorable grandchildren, Jack, Nick, and the most stunningly statuesque, Bella. Her name suits her.

We send our most heartfelt and warmest thoughts to Sue Landman. Her daughter fought a good fight.

Anita Shechter continues to recover with the encouragement of her loving husband Carl and family. Our Anita is a

strong woman who will be fine.

We are to use our “Good Plates”. Each day is a holiday. See you next month.

In the absence of news this month, Terry, Louise, and I wish all of our Hollybrook friends and neighbors a Very happy and Joyous Thanksgiving Holiday.

## News from Canada

Dear friends of Phase III and also of Hollybrook. Very happy to be back in Hollybrook after a busy summer in the Eastern Townships of Quebec. We made a wonderful move during the summer. We sold our house and moved to Sherbrooke, a city similar to Pembroke Pines as far as the population is concerned, but without summer weather during the winter.

We had been living in Dudswell for the past 25 years near Mirror Lake. It is a big change, and was lots of work but we were ready to make that move, we are closer to our children and closer to all services. We will be just like our season in Hollybrook, enjoying the other best of both worlds.

Please take notice of our new e-mail address: maxime.michele@hotmail.com and also our telephone number: 819-200- 6873.

On Sunday, September 27th, there was a full moon and we had the chance to watch a total eclipse of the moon that turned red when the eclipse happened. The next

similar eclipse will be in 2033. Hope to be able to see it then; I will be 90 years old...

No wonder the snowbirds are thinking of Florida, Pembroke Pines and Hollybrook more often. Can you imagine, we had frost at the beginning of October? Too bad we cannot stay more than 180 days in that wonderful paradise of Hollybrook.

Have a great month of November and do not forget to send me news of interest to all of the Voice of Hollybrook readers.

have been the original owners ever since. When asked "What do you like about Hollybrook" Kurt's answer was "What's not to like about Hollybrook" Both he and Sarah worked in the office for quite some time and Kurt is continuing his job here as co-chair of rules enforcement. Kurt & Sarah have one son, Eric, three grandchildren and three great grandchildren. They are very active in Hollybrook and from the sound of their enthusiasm, they are enjoying life. He said they call him M & M-Mean & Miserable (but he really isn't). I had a great time interviewing him.

I spoke with Gloria Rosenberg 51/106 and she was a pleasure. She moved to Hollybrook 30 years ago and is widowed by husband Archie. She has 2 children, Toby and Ira, 2 grandchildren and 2

great grandchildren.

She is a very busy woman who devotes her time volunteering for the Cancer Society, Police Department, City Hall and War Veterans. She also has a love of animals and is involved with "Pooches in the Pines". She certainly has a lot of energy and is a lovely person.

Anita Birenbaum, 50/108, has her daughter, Cindy visiting from Pennsylvania. They are having a great time talking about old times here in Hollybrook. Have fun, girls.

I wish you all a very HAPPY THANKSGIVING!

## From your Mayor, Frank C. Ortis City of Pembroke Pines

Dear Readers:

Last month the United States Secretary of Education Arne Duncan announced that, 335 schools achieve National Blue Ribbon School status for 2015. I am very proud to announce that the Pembroke Pines Charter Elementary School, FSU Campus, was one of those schools to achieve National Blue Ribbon School status for 2015.

The U.S. Department of Education will honor 285 public and 50 private schools at a recognition ceremony on Nov. 9-10 in Washington, D.C. In its 33-year history, the National Blue Ribbon Schools Program has

bestowed this coveted award on more than 8,000 of America's schools. The National Blue Ribbon Schools Program honors public and private elementary, middle, and high schools where students either achieve very high learning standards or are making notable improvements in closing the achievement gap. The award plaque affirms the hard work of students, educators, families and communities in creating safe and welcoming schools where students master challenging content. The award flag gracing a school's building is a widely recognized symbol of exemplary teaching and learning.

I would like to congratulate Principal, Dr. Lisa Libidinsky, the faculty, and students past and present for receiving this prestigious award.

On a more serious note, I continue to be concerned and outraged about the recent rash of police officers being shot and disrespected. As community leaders, we work to ensure open communication exists and is

encouraged, and mutual trust and respect is built and rebuilt among those in our community and those who serve to protect it. Our Pines Night Out, which was held in October, supports this goal. We are proud of our police. Let's change the rhetoric and all show support.

Please also remember to mark your calendars for Wednesday, November 11, 2015 at noon at the Pembroke Pines City Center Veterans Memorial Pavilion, located at 10300 Pines Blvd., where a solemn ceremony of remembrance for all veterans will take place. The ceremony will include the presentation of colors, guest speakers, and lunch for the veterans. Pembroke Pines Veterans Memorial Commemorative bricks are still available. For more information on purchasing a brick, please call 954-435-6520.

I would like to wish you and your family a very Happy Thanksgiving and as always, if you have any questions or concerns, please do not hesitate to contact my office at 954-435-6505, or by email at [fortis@ppines.com](mailto:fortis@ppines.com).

## Post Elections

Al Gore, George Bush and Donald Trump have all died and are approaching heaven.

They stand at the throne of the Lord. The Lord looks down at Gore and says "Al, what do you believe?"

Gore responds, "I believe that man is one with nature and should be nature's conservator" "Very good", says the Lord. He then turns to Bush. "George, what do you believe?"

Bush responds, "I believe that man has an unconquerable spirit and if left alone, he will thrive". "Very good", says the Lord.

He then turns to Trump. "Donald, what do you believe?" Trump responds, "I believe you are sitting in my chair."

## "Ask Lori"

*"Ask Lori...Parrish on Appraisal"*

**Broward County Property Appraiser Lori Parrish Answers Your Questions...  
"Consider Partial Payments of Your Property Tax Bill!"**

Dear Lori,

I heard a representative of your office speak to our Realtor® Property Tax 101 seminar. He told me your office changed state law to allow taxpayers to make partial payments of their 2015 tax bill this year? I might be interested in this payment option for my 2015 property tax bill.

R.B., Fort Lauderdale, FL (via email)

The Property Appraiser **does not set or collect taxes**. In 2009, I asked State Senator Jeremy Ring of Parkland to change state law to allow the Broward County Records, Taxes and Treasury Division (Broward Tax Collector) to accept partial payments from taxpayers for payment of current year property taxes. We were successful in passing Senate Bill 1580 and getting then Governor Charlie Crist to sign this bill into law. Last year 2,251 property tax bills were paid using the partial payment plan.

Between November 1, 2015 and March 31, 2016, a taxpayer can elect to make up to 5 partial payments, along with a \$10.00 processing fee for each partial payment. Each partial payment must be at least \$100 with the balance being paid in full by March 31, 2016 to avoid interest and penalties on the unpaid balance. There is no application for partial payments. Taxpayers must declare their intent to make partial payments to the Broward County Records, Taxes and Treasury Division (Broward Tax Collector) at the time of their first remittance, and partial payments cannot be made online.

Any unpaid balance becomes delinquent and is handled like any other delinquent tax bill and will be subject to the same interest and penalties, including having a tax certificate sold pursuant to Florida Statute. Partial payments **are not** eligible for any early-payment discount. The taxpayer has the responsibility to ensure the remaining amount due is paid timely. The county will not send monthly invoices. Partial payments cannot be made on delinquent taxes.

Additionally, not all Florida counties are participating in this program. If you own properties in other counties, please check with your local Tax Collector's Office to determine if this payment program is available.

Should you have any questions or wish to participate in the partial payment plan, please contact the Broward County Records, Taxes and Treasury Division 954.831.4000 or visit their website at [www.broward.org/RecordsTaxesTreasury](http://www.broward.org/RecordsTaxesTreasury).

Sincerely,

Lori Parrish, CFA

If you have a question for Lori, please email her at [lori@bcpa.net](mailto:lori@bcpa.net) or write to her at the Broward County Property Appraiser's Office, 115 South Andrews Avenue, Room 111, Fort Lauderdale, FL 33301. (November, 2014)

## Hollybrook Hidden Talent - Jack Feins

By: Angelica Schack

Before coming to South Florida 25 years ago, Jack Feins was busy in his New Jersey workshop where he had a collection of power tools, wood and all the necessary accessories to make the most beautiful miniature furniture only gifted hands could create. His work is unique and precise. One must see what he has achieved to really appreciate what I called a hobby, but he calls it “keeping

himself occupied.”

He bought a kit for a piano and built it to scale from the plans. The scale is 1” equals 1 foot. It took almost a year to assemble as did most of his pieces. The piano is exquisite. It measures 5 inches in width and about 6 1/2 inches from front to back, with 88 keys and all the “insides” that proper pianos have. All his pieces are done with mahogany wood. The roll top desk

he made has drawers that slide out and the top can be pulled to open or close. All of his pieces work the same way any normal size piece of furniture works.

He has a complete miniature bedroom set and many different styles of bureaus; some with finials that are about one inch in height and the ball on top is the same diameter as the middle of a toothpick.

Jack is 89 years old, doesn't play golf or tennis anymore, and due to the lack of a workshop, can't make anymore furniture. But that hasn't stopped him from keeping occupied and creative.

He has assembled ships in a bottle which are about 12” to 15” long, and the sail is approximately 15” high. Unbelievable! Then there's a 12” by 16” framed needlepoint with more colors and hues than one can imagine.

At the present time, he's working on a 3 dimensional jigsaw puzzle that when completed will cover most of the card table he's working on. It's a New York scene and he has put together so far, 5th Avenue, the Empire State building and Chrysler building. This puzzle is different from an ordinary puzzle because the pieces are put to-

## THANKSGIVING, 2015

by Coralie

What is Thanksgiving? #1. A good day to watch a ball game?; #2. Turkey day? #3. A good excuse to have a party? I'm afraid it's #3 in my family. We aren't terribly sentimental, but we love to eat and use any excuse to

have a party. I understand 91% of those celebrating have turkey. (Of course at the first Thanksgiving, in 1621, they served deer meat, lobster, rabbit, chicken, assorted dried veggies, eggs, goat cheese and fish.) The guests were

the Wampanoag tribe. They ate with spoons, knives and fingers and it lasted three days. Did you know: a mature turkey has 3500 feathers. (are you impressed?); Males gobble, females cluck. (We wives know that)

Thanksgiving is also celebrated in Canada, but on the second Monday in October. I hope they had a great Thanksgiving and you will have a great Thanksgiving.

Let's celebrate whatever and whoever we have. Luv Ya!

## **BROWARD COUNTY COMMISSIONER, BEAM FURR**

Greetings Hollybrook,

It's November and that means the Holidays are right around the corner. This is the time of year when many of us like to take some of what we've been able to save and spend it on gifts for our friends, family and loved ones. However, a little bit of prevention can make sure that your financial information does not become a gift for identity thieves.

### **What is identity theft?**

Identity theft is a serious crime, and residents of Broward County have been disproportionately targeted by identity thieves in recent years. Identity thieves generally use scams and other illegal methods to obtain access to credit cards and bank information of unsuspecting residents.

### **What do identity thieves do with this information?**

Once these identity thieves have this information, they will often attempt to make several small innocuous purchases and once they know that no one is monitoring the account for fraud, these identity thieves will make large purchases and withdrawals in order to drain the account.

### **What are some of the scams that identity thieves use to get personal information?**

If you ever get a call or an email from someone claiming to represent your bank or credit card, who asks you to provide personal information to "verify your account," hang up or delete the information immediately. Scammers can send emails that look like they're coming from the actual institution, but no reputable bank or Credit Card Company will ever ask you to send them your information via email.

### **What are some simple ways to help protect my identity and financial information?**

The simplest way to protect your financial information is to shred your statements and any other important papers with your sensitive information. Sheriff Scott Israel has done a great job in recent years hosting monthly Shred-a-Thons around Broward County. Visit [www.sheriff.org](http://www.sheriff.org) to view the Shred-a-Thon calendar, and find a location that is convenient for you.

### **What else can I do beyond shredding my documents?**

Do you walk around with your social security card in your wallet? If you do, you should stop doing that immediately. Instead, you should keep your social security card, along with your passport and other critical information at home in a secure location.

### **What is so important about my Social Security Information?**

Your social security number, which is also your Medicare number, is a key

piece of financial information that identity thieves try to steal. Identity thieves can use your name, date of birth and social security number to try and open an account in your name, or access your existing accounts. Whenever possible, do not give this number to any third parties.

## How should I monitor my bank accounts?

You should make sure to read your monthly statements for every credit card and bank account in your name. If you and your authorized cardholders don't recognize certain purchases, call the bank or Credit Card Company immediately. Let them investigate the purchase. Then, once a year you should obtain a free credit report.

## How do I get a free credit report?

There are three national credit reporting companies, Equifax, Experian and TransUnion, which keep records of your credit history. You can obtain a free copy of your annual credit report at [www.annual-creditreport.com](http://www.annual-creditreport.com) to ensure there are no unauthorized accounts associated with you.

## What should I do if I know my identity has been stolen?

If you know or suspect that your identity has been stolen, follow these four steps.

1. Call your bank and your Credit Card Company to freeze any accounts you know have been compromised, or those which may be at risk. Depending on the nature and severity of the identity theft, the bank or Credit Card Company may be able to issue new cards, checks and account numbers.
2. Then call the above mentioned national credit reporting companies, Equifax, Experian and TransUnion, to place a fraud alert on your account.
3. File a report with the Federal Trade Commission, which is the lead consumer protection agency of the federal government. You can file that report at [www.identitytheft.gov](http://www.identitytheft.gov) or by calling 1-877-438-4338, and make sure to save

and print your Identity Theft Affidavit.

4. Then, you can use your Identity Theft Affidavit from the Federal Trade Commission file a police report with the Pembroke Pines Police Department, or the local law enforcement agency if you are travelling.

## Where can I find more information on this subject?

The most comprehensive resources on identity theft can be found on the Federal Trade Commission's identity theft website, [www.identitytheft.gov](http://www.identitytheft.gov). You can also find helpful tips from the Broward Sheriff's Office here, [www.sheriff.org/about\\_bso/dle/units/economic\\_crimes](http://www.sheriff.org/about_bso/dle/units/economic_crimes) and from Pembroke Pines Police Department here, [www.ppinet.com/index.aspx?nid=525](http://www.ppinet.com/index.aspx?nid=525).

I know we're all looking forward to a safe and fun Holiday Season with our friends and family. Happy Thanksgiving!

1st resident: "There was a party last Saturday night in the playhouse. An outside party".

2nd resident: "How do you know?"

1st resident: "Because the parking lot was full of cars."

2nd resident: "Well, it could have been a Hollybrook function couldn't it?"

1st resident: "No. I don't think so."

2nd resident: "Why not?"

1st resident: "Because all the handicap parking spaces were empty."

## “ Drug companies charging whatever they can soak you for

On Wednesday, September 30, 2015 SunSentinel.com Sun Sentinel | UA

“The comedian Jack Benny, generous in private life, cultivated the stage persona of a world-class skinflint. In one of his most famous radio skits, he’s accosted by an armed robber who demands “your money or your life.” When Benny doesn’t answer, the thug loses patience. “Look, bud, I said, your money or your life,” he says. “I’m thinking it over,” Benny replies, as the audience roars.

This comes to mind on reading about the former hedge fund manager, Martin Shkreli, who bought the sole source of the lifesaving drug Daraprim

and raised it’s price from \$18 to \$750 per pill.

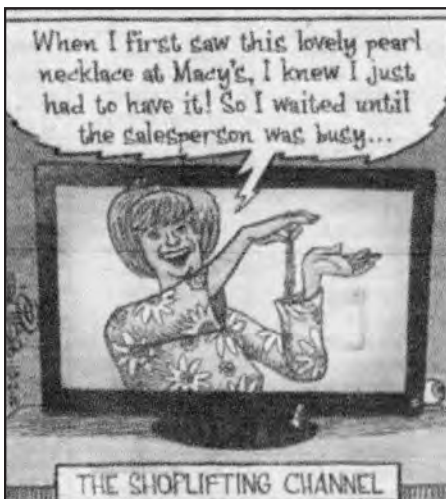

The costs of drugs for ED and skin disorders are particularly conspicuous. My dermatologist recommended one with the caveat that “insurance will probably pay for it”

I went without rather than even ask the insurance to pay \$400 for a tiny vial.

Even generics are skyrocketing in the Grasp of greedy BIG PHARMA!

Many politicians not running for president are proposing legislation to control drug costs, which increased by more than \$100 per person last year,”

Your money or your life! Remember when you vote.

## TOILET PAPER, 1857 U.S.

### F Y I

by Coralie

The first commercially packaged toilet paper, or bathroom tissue, in America was introduced by business man Joseph Gayetty in 1857. But the package sold poorly and soon disappeared from the shelves.

At the time, the majority of Americans could not comprehend wasting money on

perfectly clean paper when their bathrooms and outhouses were amply stocked with last year's department store catalogues, yesterday's newspapers, sundry flyers, pamphlets and advertisements, which also provided reading material.

OUCH! (Don't even ask about Kotex)

"IT'S A LONG STORY."

## VETERAN'S DAY

On November 11th, 1918, the war to end all wars' officially ended. (The Allied Nations and Germany stopped fighting 8

months before.)

The ARMISTICE was signed on the 11th hour, of the 11th day of the 11th month!

On October 8th, 1954, the word 'Armistice' was removed from the pact and 'Veteran's' was inserted by then President, Dwight David Eisenhower. I believe this opened the Veteran's Administration which included vets of all wars.

## Thank You

Yoly Lopez was the free spirit who brought her charm and smile into Hollybrook. She was

widowed, mother of 5, spoke 5 languages, loved to gamble, (we had so much fun at the casino) and wouldn't allow our

then president, Bill Kirchner into the sales and rentals office because he didn't sign in. "Well", she said, I didn't know who he was."

She guarded that door two or three days a week, more, when she came in to translate for them.

Her laughter was contagious, her travel stories exciting, and her company, delightful.

Yoly passed away in mid September.

I'm sure that all who knew her will miss her.
